Take part  
in making  
Witzenhausen  
Campus a more  
sustainable  
place

WED 05.02.25, 9:30-11:30

Lecture Hall H13, Steinstr. 19

Come to the 1st workshop of the Green Office at FB11 and learn about your potential contribution to making Witzenhausen Campus greener. After a brief input from the Green Office core team, there will be room for brainstorming and discussing your own ideas. The main event will be held in English. During the workshop phase there will be a chance to discuss your ideas in German as well.

## Sustain Groups

Get to know the topics of the existing sustain groups and their specific projects. Learn about the possibilities of voluntary participation in university-relevant fields.

Sustain groups work on specific topics that are relevant for different aspects of life in and around University, Campus, and outside. They prepare guidelines, start sustainability projects, or work on communicating sustainability targets.

## Workshop Phase

During a workshop phase, we want to give room to your ideas for making the Witzenhausen campus a more sustainable place.

Under several umbrella terms, you will have the opportunity to exchange about issues and discuss possible sustainability projects that relate specifically to Witzenhausen.

## Project Factory

Get a brief introduction into the digital idea management platform called „Project factory“.

A place where you can share, initiate, and discuss ideas for a greener campus. Eventually, the place to continue your initiatives sparked off at this event.
